To whom may concern,

It is with great pleasure that I have the opportunity to recommend Quality Kitchen Equipment for providing us general excellence when it comes to kitchen equipment. They showcase very latest and advances in kitchen technology in Al Habtoor City, St. Regis - Front of House and Back of House.

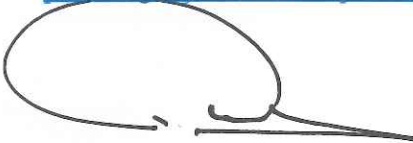

During the work processing they show us efficiency in committing flexibility and punctuality. I would highly commend the company for doing a remarkable and putting a lot of hard work on the project they accomplish.

Please contact us should you require further information.

Sincerely Yours,

Paul Hage  
Group Director of Culinary, Habtoor Hospitality
